## Greetings from Mombasa...Hello/Jambo...

"I never ever expected an experience like this. The people here have less but have each other, Faith and Hope. They smile so much and make us Volunteers smile. It has been fun, enjoyable and a great learning experience being a Volunteer with the Ray of Sunshine here in Mombasa. I have learnt some life skills here which I hope to put into practice when I return home" ...

Denis Hennessy, Boulesea on his first experience of Volunteering in Africa.

Thank You Denis for the above. As I pen this piece there are just two days to go to the official opening of the newly built classrooms. The 40 Volunteers have worked from 6am at dawn until 3.30pm every day in the hot African sun. There are 265 children in school at present and hopefully by the end of January the number will near 300. They begin walking to school after 6am and commence classes at 7am until 4.30pm. They get porridge 'Uji' for breakfast mid-morning and a hot bean and corn-based dish for lunch 'Gidheri'. They smile, laugh and love learning and among the many subjects is English and they even learn Irish Songs! I wonder why?!

The Polytechnic School which we built in 2010 is beside the Primary School. It has 67 students. The Church and Parish founded by Fr. Martin Keane from Cranny, Co. Clare is at the centre of this Community of Education.

Our New Water Treatment Facilities which were all generously sponsored by so many of you is now up and running and is providing clean, fresh drinking water from a well and not alone supplies water for the children but for the entire village! This project has been a huge success story here!

This mission for me has confirmed that it is in giving we receive. What a gift so many of you have given in supporting us here with money, volunteers, child sponsorship, prayers and kindness. I am so grateful for all your support and the people here in Likoni Thank You for your generosity.

Water is Life and a basic human right. Clean fresh drinking water here is worth gold. Mombasa is a haven for Coconut Trees...They are called 'The Tree of Life' here. I thank God that He our God has blessed the people especially the children we know here with the gift of Water and Coconuts!

Kwaheri...Goodbye from Mombasa for now. **Fr. John**

## Call to prayer

From the East to the West, from the North and the South, all nations and peoples bless the creator of creatures with a new blessing, for he made the light of the sunrise today over the world.

O congregations of the righteous, who glorify the Holy Trinity in the morning of light, praise Christ, the morning of peace, together with the Father and the Spirit; for he has made the light of his knowledge shine over us.

(Matins Hymn, Armenian Sunrise Office)

### A Prayer for Christian Unity

O Lord, open my eyes that I may see the need of others, open my ears that I may hear their cries, open my heart so that they need not be without succour.

Let me not be afraid to defend the weak because of the anger of the strong, nor afraid to defend the poor, because of the anger of the rich.

Show me where love and hope and faith are needed, and use me to bring them to these places.

Open my eyes and ears that I may, this coming day, be able to do some work of peace for you.
